Mohsen Farhadloo

Concordia Research Chair in Business Analytics for Public Health and Policy

Personal data

Name: Mohsen Farhadloo
Affiliations: Associate Professor, Business Analytics
Supply Chain and Business Technology Management
John Molson School of Business
Concordia University
Work address: MB 12.359, Montreal, QC, Canada
Office number: +1–514–848–2424 ext. 2711
E-mail address: mohsen.farhadloo@concordia.ca

profile

As a researcher with a solid background in statistical learning and data mining, I am focused on how organizations, individuals, and society can efficiently utilize the ever-increasing online data in their decision-making processes. In the course of my research, I am interested in developing and applying new statistical models to study customer satisfaction, public health, and public policy. Currently, I am working on social media analytics with applications in public health, public policy, and management.

Academic Experience

Associate professor in Business Analytics: ..... Jun. 2025 to present

Assistant professor in Business Analytics: ..... Jan. 2019 to May 2025
John Molson School of Business
Concordia University, Montreal, Canada.

Assistant professor in Information Systems: ..... Jul. 2018 to Dec. 2018
School of Business
University of California, Riverside, USA.

Postdoctoral research associate: ..... Jul. 2017 to Jun. 2018
UC Institute for Prediction Technology and Scalable Analytics Institute
University of California, Los Angeles, USA.

- Developing methods to predict public health and safety related outcomes

Postdoctoral research associate: ..... Aug. 2016 to Jul. 2017
Annenberg Public Policy Center of the University of Pennsylvania and
University of Illinois, Urbana-Champaign, IL, USA.

Associations of Twitter with Zika attitudes, knowledge and behaviors

- Analyzing the content of online communications using topic models.
- Examining the associations of the online content with some survey measures.

Effects of different sources on knowledge and preventive behaviors related to Zika

- Studying the associations of different sources and media usage on knowledge and behaviors.
- Survey data analytics.

Lecturer: ..... Aug. 2015 to July 2016
Dept. of EECS, University of California, Merced, USA.

Education

PhD in Electrical Engineering and Computer Science: ..... Jan. 2010 to Aug. 2015
Dept. of EECS, University of California, Merced, USA.

M.Sc. in Electrical Engineering (Communications Systems): .... Sep. 2006 to Dec. 2009
Dept. of EE, Amirkabir University of Technology (Tehran Polytechnic), Iran.
M.Sc. project: Speech Enhancement in Non–stationary Noise Conditions.

B.Sc. in Electrical Engineering (Communications Systems): .... Sep. 2002 to Aug. 2006
Dept. of EE, Amirkabir University of Technology (Tehran Polytechnic), Iran.
B.Sc. project: Classification of Digital Modulations via Wavelet Transform.

Publications

Journal articles

Working papers

1. ready to be submitted, "Understanding competition in the digital economy".
2. preparing to be submitted to the Journal of Communications of AIS, "Understanding Privacy Concerns of Users of Digital Contact Tracing applications".

Teaching Experience

Concordia University: ..... January 2019 to present Foundations of Data Mining, Statistical models for data analysis, Data Mining techniques.

University of California, Riverside: ..... July 2018 to Dec. 2018 Management of Information Systems.

University of California, Merced: ..... Jan. 2010 to Aug. 2015
Java programming, Data structures in Java/C++, Networks security, Computer Architecture.

Student supervision

PhD dissertation supervision

1. Mohamad Kaddoura (September 2025- present), SCBTM, JMSB, Concordia University.

Master thesis supervision

1. Hom Prasad Sitaula (September 2025- present), co-supervision with Dr. Pan, Business Analytics and Technology Management, JMSB, Concordia University.
2. Jagdeep Singh (September 2025- present), co-supervision with Dr. Pan, Supply Chain and Operation, JMSB, Concordia University.
3. Yahya Filali Boubrahimi (October 2024- present), Business Analytics and Technology Management, JMSB, Concordia University.
4. Mohamad Kaddoura (September 2024- July 2025), Business Analytics and Technology Management, JMSB, Concordia University.
   Thesis: Understanding False Information Discourses on Social Media.
5. Rozita Haghighi (January 2024- present), Business Analytics and Technology Management, JMSB, Concordia University.

Dissertation/Thesis examination committee

1. Master thesis examiner, Sanjna Navani, Department of Psychology, Concordia University, January 2026.
2. Master thesis examiner, Ruchika Barot, Supply Chain and Operations, Concordia University, December 2023.
3. PhD comprehensive exam, Amir Asadiara, Supply Chain and Business Technology Management, Concordia University, September 2022.
4. PhD comprehensive exam, Benedikt Kern, Mechanical and Industrial Engineering, Concordia University, May 2022.
5. PhD comprehensive exam, Hossein Azarpanah, Supply Chain and Business Technology Management, Concordia University, September 2021.

Awards

The Concordia Aid for Scholarly Activities grant: Principal Investigator ..... 2025.
Applications of deep learning for medical coding ($2,000)

Concordia Research Chair in Business Analytics for Public Health and Policy: 2023.
Emerging scholar ($100,000)

Mitacs Accelerate: Principal Investigator (PI) ..... 2023.
IATA safety culture survey ($30,000)

President's Media Outreach Award: ..... 2022.
Graduate research communicator of the year

Social Sciences and Humanities Research Council: Principal Investigator ..... 2022.
Understanding the Context and Discourses of Health-related False Information ($51,000)

Concordia OVPRGS Team Research Funding: Principal Investigator ..... 2022.
Identifying the Privacy Concerns of Digital Contact Tracing Apps ($50,000)

Department of Defense MINDS program: Co-applicant ..... 2019-2021.
Security-Policy Nexus of Emerging Technologies ($750,000)

Social Sciences and Humanities Research Council: Co-applicant ..... 2021.
Bankruptcy prediction with deep learning ($61,000)

Concordia OVPRGS Research Funding: Principal Investigator ..... 2020.
Study of customer satisfaction ($6,500)

Concordia New Faculty Research Development: Principal Investigator ..... 2019.
Developing research program ($15,000)

UC Merced Bobcat fellowship, School of engineering: ..... 2014.

UC Merced Bobcat fellowship, School of engineering: ..... 2013.

UCSC machine learning summer school travel award: ..... 2012.

Amirkabir University of Technology: ..... 2006.
Admitted to the M.Sc. program as an honor student.

Services

Faculty Research Committee: SCBTM representative ..... 2024.

Concordia inaugural dean of school of health: ..... 2022.
JMSB representative in hiring committee

JMSB faculty council: ..... 2021-2022.

Concordia library committee: JMSB representative ..... 2021-present.

SCBTM department PhD committee: ..... 2020-present.

SCBTM department curriculum committee: ..... 2021-present.

Undergraduate curriculum revision: Business analytics area representative ..... 2020.

Master program curriculum committee: Business analytics area representative ..... 2019.

Journal/Conference Reviewer

- Journal of Business Analytics.
- Journal of Transforming Government: People, Process, and Policy.
- European Journal of Information Systems.
- Journal of Information Technology and Management.
- Journal of Management Information Systems.
- National Institute for Health Research.
- Hawaii International Conference on System Sciences.
- International Journal of Production Research.
- Decision Support Systems, Elsevier.
- IEEE Transactions on Audio, Speech, and Language Processing.
- Journal of Computer Vision and Image Understanding.
- Program committee of WITS 2014 (24th Workshop on Information Technologies and Systems, 2014).
- IEEE International Conference on Acoustics, Speech, and Signal Processing.

Qualifications

- Programming languages: Python, Java, C/C++.
- Scientific computing packages: R, Orange, SAS EG, SAS EM, KNIME, Matlab and Simulink, SPSS.
- Text processors and presentation packages: LaTeX, Microsoft office.

- Other computer skills: MongoDB, Working experience with MySQL databases, Microsoft access, Microsoft Project.
- Operating systems: Mac OS, Windows, Linux.
- Miscellaneous: Excellent mathematical and independent research skills, academic paper writing/presentation.
- Languages: English, Farsi, French (upper intermediate).

Special Courses

Numerical optimization, Advanced topics in machine learning, Machine learning, Stochastic processes, Statistical pattern recognition, Image processing, Automatic speech recognition, Speech processing, Computer networks, Advanced digital communications theory, Information theory and coding, Satellite communications, Digital communications lab, FPGA lab, Antenna, Microwaves, Communications circuits, Industrial electronics, Operations management and IT strategies.

Certifications

"UT Austin Machine Learning Summer School": 2015
Certified by UT Austin MLSS.

"General Pedagogy: Surviving the Classroom with 1st Generation College Students: ... 2015
Certified by Center for Research on Teaching Excellence, UC Merced.

"General Pedagogy: Developing Teaching Strategies: ..... Spring 2014
Certified by Center for Research on Teaching Excellence, UC Merced.

"General Pedagogy: Improving Teaching: ..... Spring 2014
Certified by Center for Research on Teaching Excellence, UC Merced.

"UCSC Machine Learning Summer School": ..... Summer 2012
Certified by UCSC MLSS.

"GSM Signaling": ..... Fall 2007
Certified by Mobile Communications Corporation of Iran (**MCCI**).

"Primary Bases of GSM" : ..... Summer 2006
Certified by Mobile Communications Corporation of Iran (**MCCI**).
